Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Saturday 04 Sep 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Largely dry tonight and tomorrow. Turning hotter into next week.

This Evening and Tonight:
Rather cloudy in the west through the evening but variable cloud elsewhere, allowing for some clear skies. Gradually turning cloudier overnight but staying largely dry. Minimum temperature 13 deg C (55 deg F).

Sunday:
Often cloudy throughout the morning, and then turning brighter for the afternoon with spells of sunshine and, perhaps, an isolated shower in the east. Feeling warmer. Maximum temperature 25 deg C (77 deg F).

Outlook for Monday to Wednesday:
Fine, largely dry and very warm or hot on Monday and Tuesday with long sunny spells. Cloudier, a touch cooler with scattered showers and a risk of thunder on Wednesday.
